1- Read the following passage carefully and answer the questions given below :

Life is a struggle. "We live in deeds and not in years." If we rest, we rust. If we work, we shine like jewels. Adventures are the essence of life but action also entails contemplation. Proper action needs the proper initiative.

Napoleon took the wrong initiative and brought the downfall of France. Proper action is always taken by the wise persons. The wise persons always foreshadow the hardships for executing a policy.

They become passive when they forecaste that their efforts are at stake. All great leaders and diplomats take the steps keeping in view their reputation.

We should strike when the iron is hot. Some persons take the steps haphazardly with the result that they lose the opportunity and thus they are treated as fools. Angels are wise people are very particular about their actions. It has been the aim of all philosophers to understand the world.
